Samuel FERNANDES

First-Year Engineering Student in Electrical Engineering

Toulouse ,France • frndessamuel@gmail.com • +33624518414

PROFILE SUMMARY

First-year engineering student at ENSEEIHT within the 3EA department (Electronics, Electrical Energy, Automation). Currently seeking an industrial internship starting in June 2027

PROFESSIONAL EXPERIENCE

Private Tutor (Self-employed)
Sep 2023 – Present

Personalized tutoring and organizational support for students aged 11 to 18. Mock exam preparation (Brevet/Bac).

Saint Michel Middle School
June 2022

Mathematics Teacher Assistant

Provided personalized assistance during exercises and guided group activities.

Saint Eloi Elementary School
June 2021

Welcomed students, assisted with dictation, reading sessions, and presentations.
Contributed to the creation of the end-of-year school show.

EDUCATION

ENSEEIHT (3EA Department)
2026 – 2029

Engineering Degree in Electronics, Electrical Energy, and Automation

Coursework: Imperative algorithms & programming, electrical circuits, logic functions, material physics.

CPGE Saint Rémi
2024 – 2026

Preparatory Class for Engineering Schools (Maths, Physics, Engineering Sciences)

TIPE Project :
Implementation of negative feedback loops and PID controllers to stabilize the motion of a line-following robot.
Software development (Python, C++/Arduino) integrating numerical methods (Runge-Kutta), a Kalman filter, and optimization algorithms (differential evolution).

Skills : Teamwork & Adaptability, Curiosity & Autonomy, Organization, Time & Stress Management, **Programming (**Python, C / C++, Arduino, HTML, SQL)

LANGUAGES : English Advanced (B2), Spanish Intermadiate (B1), Chinese Beginer (A1)
